Principal's Message

It's hard to believe that we are already half way through the school year. Families received their child's Semester 1 School Report earlier this week. It was wonderful to read each child's comment on their report, it is fantastic to see that each child is progressing on their learning journey. I encourage families to make contact with their child's classroom teacher if you would like to discuss your child's progress.

School fees for 2023

We are pleased to inform our school families that there will be no increase in school fees for the 2023 school year. As South Australians continue to feel the impact of COVID-19, Catholic Education SA has announced it will freeze fees at its 86 Diocesan schools for the 2023 school year.

"These decisions are part of our continued COVID 19 response as we seek to support families at a time when they are being impacted by rising costs and inflation," says Dr Neil McGoran, Director, Catholic Education SA.

Since 2019, Catholic Education SA has been implementing the Making Catholic Education More Affordable Initiative to ensure our schools are accessible to any family who wants their child to have a Catholic education.

Dr Neil McGoran said the fee-freeze would not impact the quality of education. "We're committed to keeping school fees as low as possible and ensuring a Catholic education is affordable and accessible to all."

Fitness Leadership Day at St Michael's College

Selected Year 6 students went to a Fitness Leadership Day at St Michael's Collage. The purpose of the day was to learn new fitness games, leadership skills and how to modify games to suit all student's ability. The students who participated in the day will share their learning with the other fitness leaders, so we can use this knowledge with the whole community during our weekly Friday morning fitness.

I enjoyed the leadership day because I learnt with other students from other schools. We collaborated with other students in our activities. I also liked how they taught us different activities so we could go back to school and teach the little kids. I liked how they taught us games that got everyone included. - *James 5-6L*

I enjoyed learning new games for fitness and working with other schools and groups. Skills that I learnt include not bossing people around but, being kind and teaching them. I liked how I will go back to school and teach the younger students. - *Olive 5-6L*

I enjoyed learning all different types of games for different ages. I learnt that games don't always need to be about the fastest. I liked how they taught us, so that everyone can be included and not left on the sideline. My favourite part about the day was learning games to teach the other fitness leaders back at school. - *Caroline 5-6L*

SACPSSA Netball Carnival 2022

On Friday 1st July, Catholic schools gathered together for the SACPSSA Netball Carnival held at ETSA Park. In the 5-6 Unit, we have spent most of our PE lessons learning positions, rules and playing netball games. We got to show off our amazing skills that Mr Zandona had been teaching us in PE lessons. The carnival was a day to have fun and improving game skills not just about winning and losing. We went home from the carnival with a huge smile on our faces. - *Jessica & Adriana 5-6L*

I enjoyed trying new positions and working with other people. - *Olive 5-6L*

I learnt a new sport and it taught me new skills. Even though it has a lot of rules, it still is an enjoyable sport for everyone. - *Naish 5-6L*

I enjoyed working with my teammates and all the different positions that I played. - *Janelle 5-6 DM*

It was fun. I liked playing netball. I enjoyed playing and running around with my friends. - *Angelo 5-6 DM*
